

Pickering residents question mayor

Spreading of ashes, crime, taxes raised at town hall meeting
Dec. 2, 2009

Whether it was about crime, taxes or the airport, residents questioned Mayor Dave Ryan on a number of hot topics in Pickering Monday night at a Ward 3 town hall meeting.

...

Whitevale resident Peter Rodrigues asked for Mayor Ryan's official stance on the federal government's long-time plans for a possible airport in Pickering.

"I accept the business case for an airport," he said. "I think it would be beneficial for Pickering."

But he's still waiting on studies that will show the social and environmental impacts an airport would have. He added if the majority of residents are opposed to it, the City will continue opposing it.
